## THE 2015 INTERNATIONAL FIREFIGHTING TEAM - FROM RIO DE JANEIRO TO NEW YORK CITY!

---

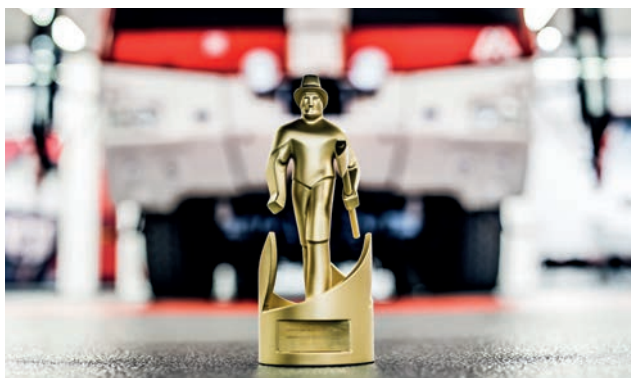

An emotional awards ceremony, suspense until the final second, an unrivalled ambience and congratulations from colleagues throughout the world - all of this and more awaits the winners of the Conrad Dietrich Magirus Award!

In 2015, the team of the Rio de Janeiro Fire Department took once again the title „International Firefighting Team of the Year“ home to Brazil. The winners received their trophy during a gala celebration at the Magirus headquarters in Ulm, Germany, before an audience of some 700 invited guests.

In the Big Apple, the Brazilian „Bombeiros“ experienced the New York Fire Department face to face. Not only did the training academy „The Rock“ open its doors to them - they also got to visit numerous fire stations. The team visited the 9/11 Memorial Museum at Ground Zero, the FDNY Museum and of course, saw many of New York's other attractions, for absolutely unforgettable moments!

Would you like to experience this with your team as well? All application information is available at [www.magirusgroup.com/award!](http://www.magirusgroup.com/award!)
